Oct 2022 - Present

So far i have created a personal Portfolio using ReactJS... And still learning and creating more project

JavaScript

W3schools, Online

May 2022 - Sep 2022

HTML5

W3schools, Online

Feb 2022 - Feb 2022

So i Created a school project for my a friend's sister using HTML
Project--
https://drive.google.com/drive/folders/1X022zL9Exl_Mt_GbrE
PSeLt2gESg5IEP

I have also created projects like forms and making table, and a website using semantic tags

CSS

W3schools, Online

Feb 2022 - Apr 2022

I have created many projects using html and css.
1. Responsive Form
2.Search Button with animation on hover
3. Responsive image gallery
4. Navigation bar
5. A simple Responsive Website

C And OPPs In C++

Global Institute Of Information Technology (BCA), Greater Noida

Sep 2021 - Dec 2022

PROJECTS

Responsive Portfolio Website

Dec 2022 - Dec 2022

I made a modern personal portfolio website using ReactJS. I gave it a modern look as well as added Responsiveness for multiple device usage
